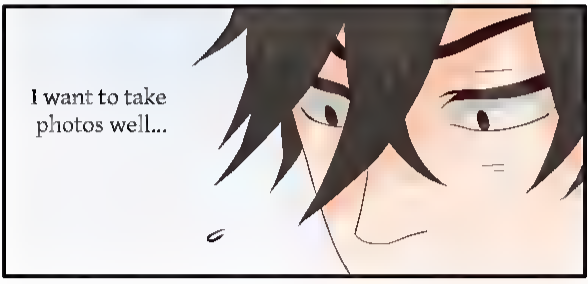
If I take photos like this, It's..
Ugh.

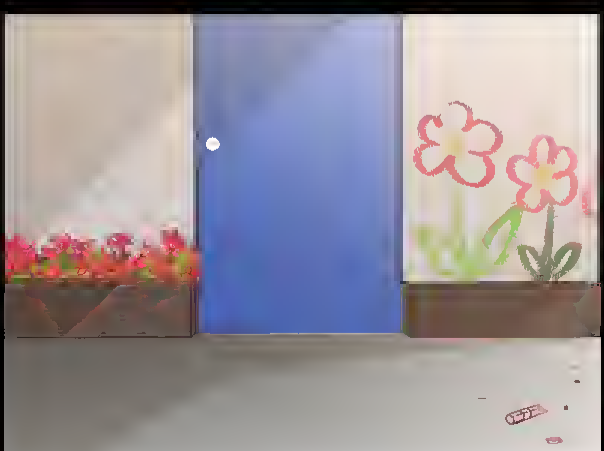


I want to take photos well...

But, this is quite good?

...I took a good photo?

Yeah. This is really good. You took it well?



Oh, really!
This feels nice!
Right. How did you take it so well?
Ah... I saw it when I was passing by and the situation looked interesting.
It was a bit... Stressful and scary
I failed a lot, but I continued taking photos. I was able to take that one after many tries.

It looks like you are very talented in this area.
If you gather photos like this and exhibit them, it will be really amazing.

I like taking photos because the response is good
I want to take even better photos
Tomorrow is the weekend so I should take more photos
..Yes. Let's be patient a little longer.

?!

.....!!!

Sfx Hide
Eh!

!

Hey!
.....

Then you were going to the bookshop by yourself? What kind of books did you buy there?
Don't spill your food
Mm... A reference book and a flower design book.

...I can see your struggle in your choice of books...
..Well, you're not wrong
...Why do you like flower design?
...Well,
I just like it. I like watching it and I like how I can become absorbed in it without realising how much time had passed.
It's interesting to study. ...I am happy doing all that.
Happiness...
He must like that scary job a lot.

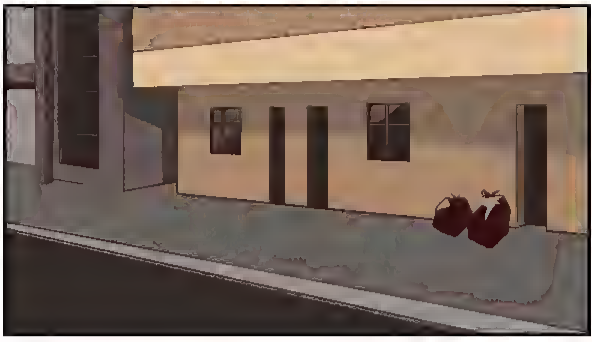
...Is your parents really against it?
They don't like it much.
You should clean yourself
How about school?
I am preparing to study at the department of business administration
More important than that
You took photos before. Is it going well?
Ah, yes. It's hard, but I want to take good photos. My friends and Soon Eun said that I took good photos to cheer me up. I am really happy
Soon Eun did?
Yes. Yesterday at the assembly hall. We met coincidentally... He said that I have a talent for this
Seriously? If Soon Eun said it, it's not empty praise. He really meant it. He takes great photos.
Really?

He is crazy about taking photos and he went around to a lot of places. He was absent from school a lot last term so he is going to have a tough time now
But he takes a lot of photos like that and he knows a lot about it. He has won many awards
...Doesn't his parents say something to Soon Eun?
He was troublesome since he was young, so they gave up on him
...But why are they against you doing flower design?
They must want me to be more proper than my older brother I don't have the confidence like he does to be crazy about it.
I don't know if I have any talent in that area.
Well, I don't care if I go to the department of Business administration I am interested in it!
Then, what about the festival?

Ah, the festival?
Mm, this festival is going to be the last I am going to try.
Let's do our best and prepare for it!

I thought that
the smile on his face
when he said we should
do our best, looked sad...

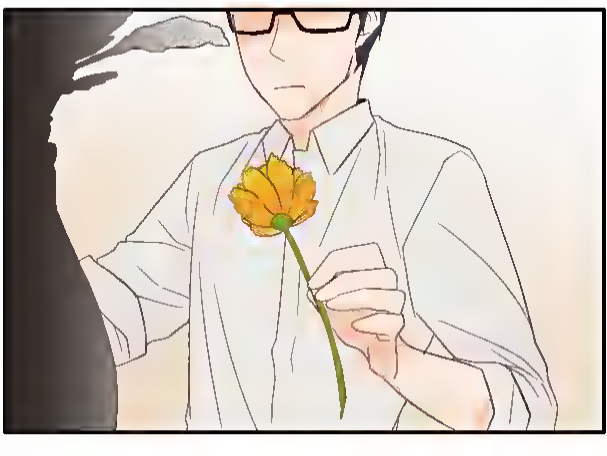
How he folds the paper
napkin edges neatly,
the times he wiped off
the water on the cup,
when he would fold
the trash carefully—
I was concerned about
those strange habits

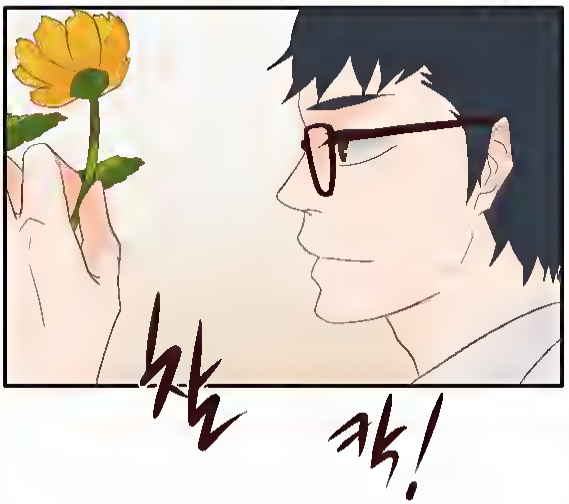


.....
There is only a few, but I think there are some good ones
When I look at them more often. I feel less like puking when I see them
...Maybe...

Maybe I can overcome my phobia with flowers.
If I can do that, then I am going to visit colour sister's house
I am going to a picnic with you guys in the spring

And also...



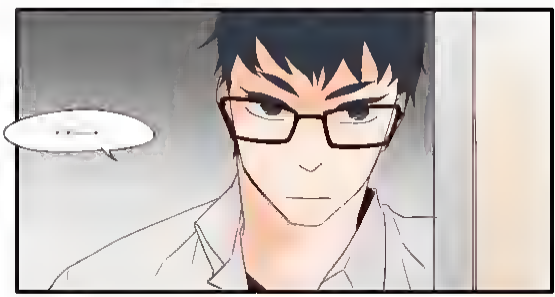


찰칵!

What is it?

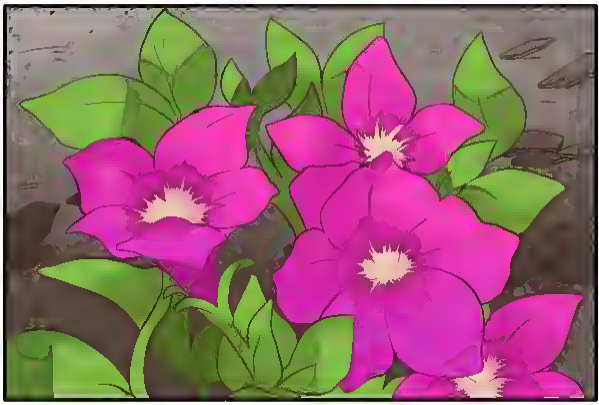
...It looked good.
Get lost.

Is tomorrow the festival?
Yes



Sfx: Feeling nauseous

Yeah.



The festival is tomorrow.

What?

He smells so fine♥
Heyl Stop. He is really depressing.
He doesn't look like it?
Ah, he really is
He was so depressed that he had no friends in middle school.
Why? I just saw him the kind friends.

Do you want to see him then?

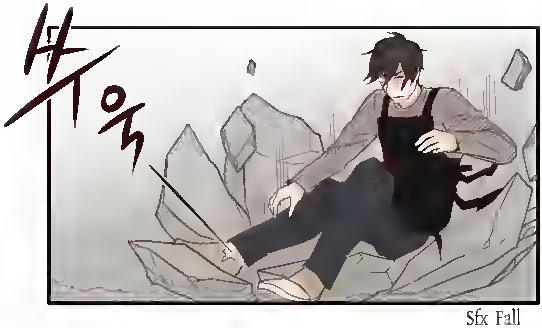
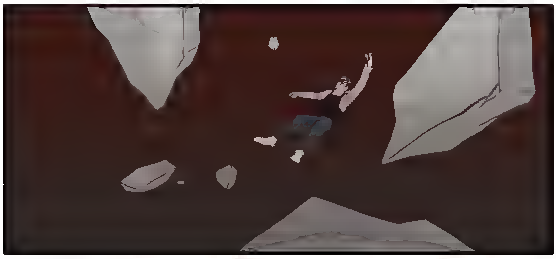
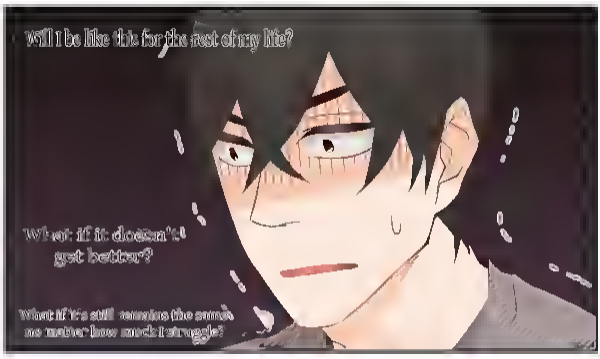
Did you really think you could fix yourself? You will never be able to



Sfx Fall



It was like my world was being dropped
from a high place as I watched
and my feet were just hanging in the air.

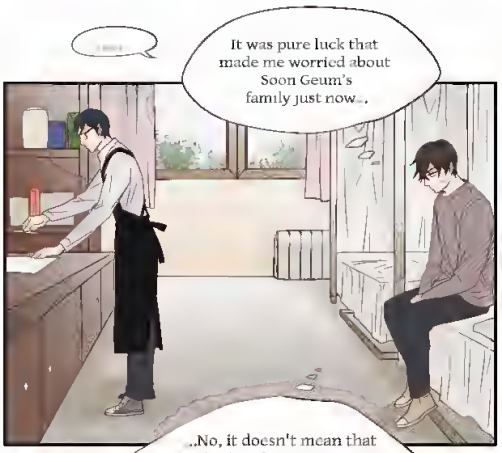


Will I be like this for the rest of my life?
What if it doesn't get better?
What if it's still running the same no matter how much I struggle?

When I think like that,
it becomes unbearably cold.

Eun Sol Gye!
Sfx. Opens eyes

Why are you zoning out? Are you okay even though you're not taking your medicine?
Ah...
Yeah, I think it's okay to not take it.



It was pure luck that made me worried about Soon Geum's family just now...
..No, it doesn't mean that it's okay for Soon Geum to experience something like that...

I'm really sorry...
The expression of humbleing sorry

Eun Sol Gye
Do you have to use the bathroom?
What is that expression?

No
It looks urgent You can go
I really don't have to...
If you really don't have to go, then it's okay

You still didn't look good.. Here drink some water..

Thank you.

.....

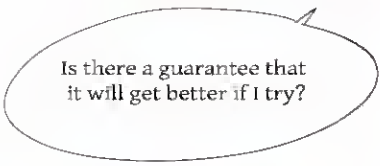
Is it because of what happened before?
Are you still upset about the flower touching you?

...Are you scared?
...I am scared.
So much that I want to scream.

I'm scared. It could never possibly get better for the rest of my life
I am scared...that I have to live like this all the time
...

What do you mean? You're trying. Isn't it getting better?

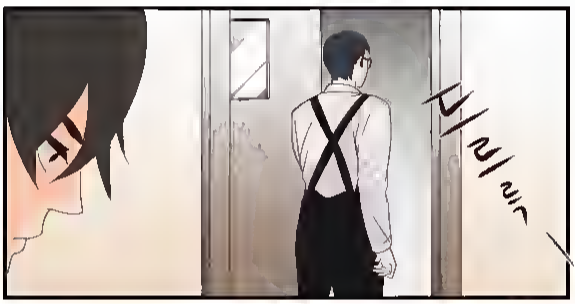
But what if that's all? If it touches me, I still become scared!
.....



Is there a guarantee that it will get better if I try?

.....
.....

I'm sorry. You must have enough problems...
... It's okay. Go find somewhere to sleep
It could be because you're sensitive right now. I will go now
...Yes.



SFX. Slide

It's cold...

"Is there a guarantee
that it will get better if I try?"

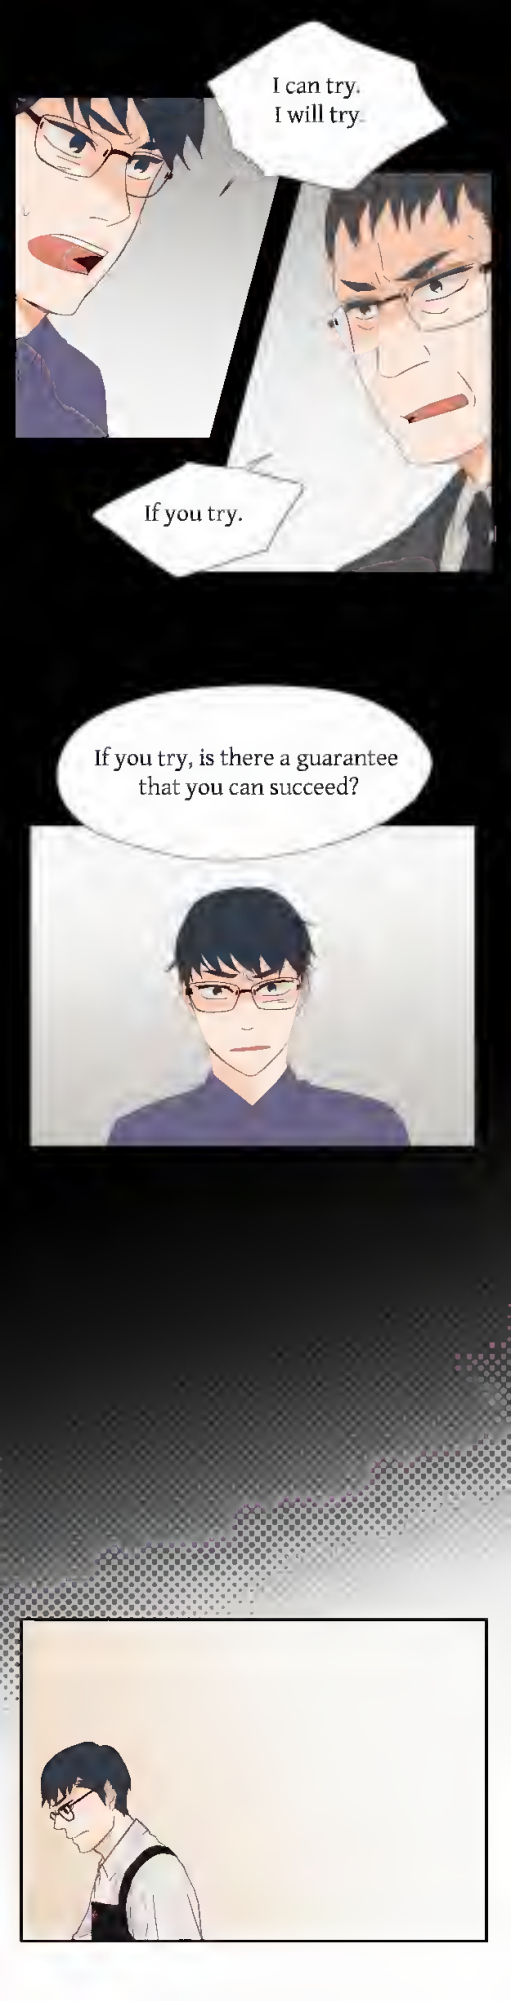
쨍그랑!

Sfx: break

Father!

...You're going to do what?

Yes, let's say that you will do it
It is a difficult world to survive
even if you have a talent
Do you have such a talent?
We're not a rich and powerful family, What if you fail?
You're not forceful enough like Eun to go crazy about something.

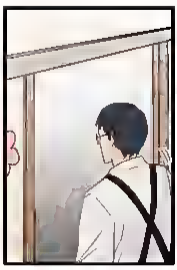


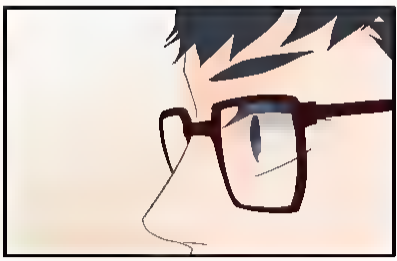
I can try.
I will try.
If you try.
If you try, is there a guarantee that you can succeed?

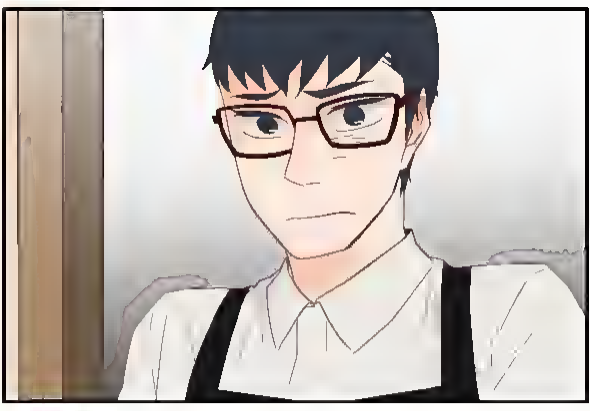
Soon Guem is so mature
You must not have
to teach him much.
Phew It's really hard to raise
two kids at the same time
But Guem works instead
of Eun who does nothing
Wow, it must be
nice to be you

My mom is having a hard time,
so I have to help her
I should do better.

I should not disappoint her







Soon Guem!

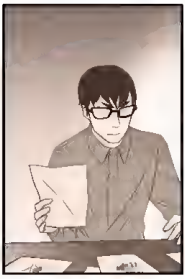
Sfx. Get up



Hey, hey, why are you here now?
Where did everybody go? Do you know where they went?
I've been waiting for a long time

Ah and this. Soon Eun told me to give it to you when you come back.

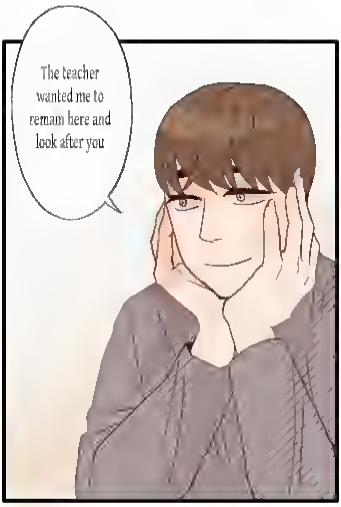
Isn't it good when you only have to write an apology letter? Your school or your parents don't get contacted. You don't have to pay for the flowers.

What did you take from the garden?
You saw what happened before...
Are you not going?



The teacher wanted me to remain here and look after you

Ah!

What is it
again!

They would have

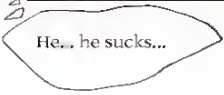
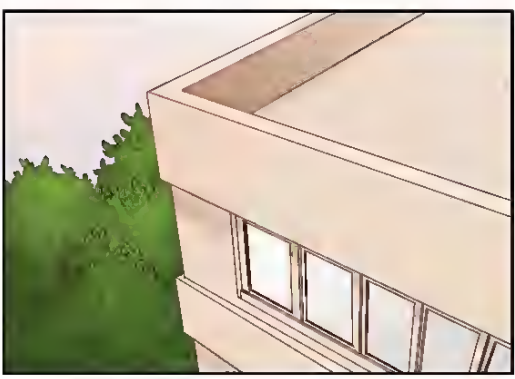
I wouldn't be
able to eat them.
Ugh... Ugh...



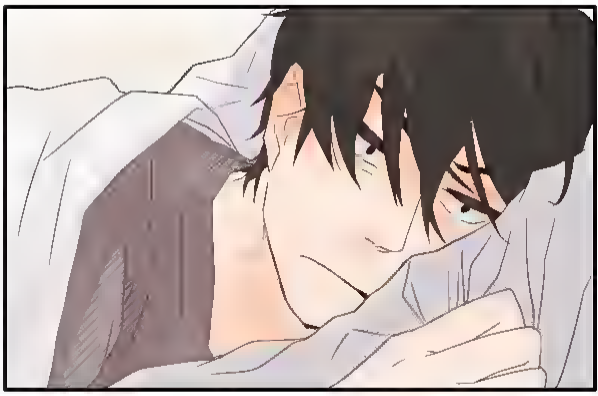
He... he sucks...

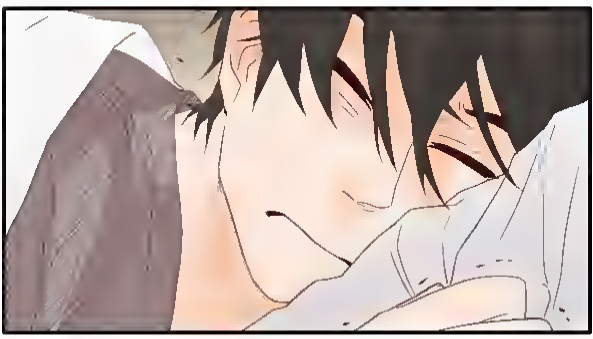


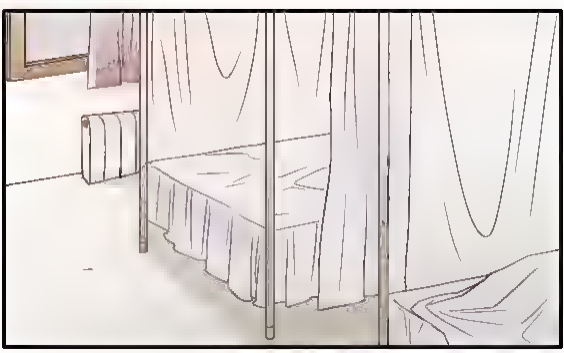
Ah? What about
Soon Geum and Eun Sol?

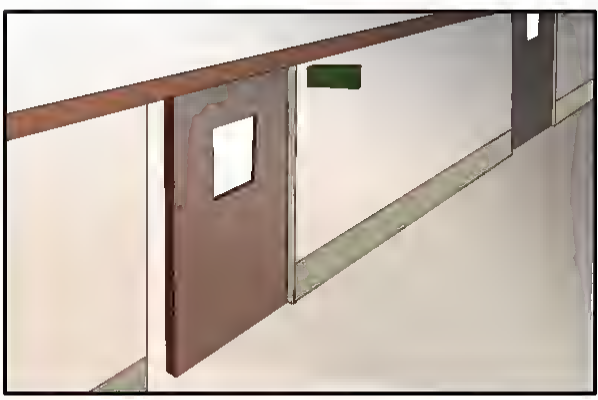
Soon Geum came
here and left.
Eun Sol wasn't here
in the first place.
Really? Should
I call him?
Do you know why
Soon Geum left?

The snacks... Soon Eun came and ate them all.
I told that to Soon Geum, but he had a serious expression on his face and left
. What?
He ate everything?!
Yeah
Everything?
Everything?

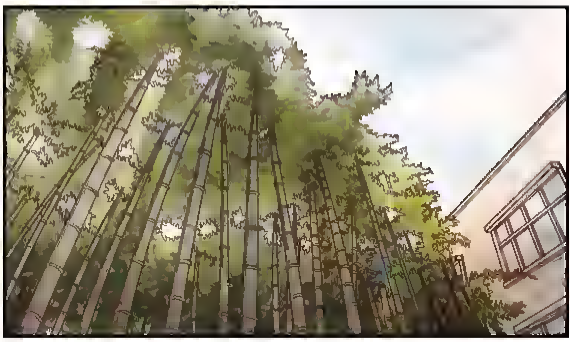




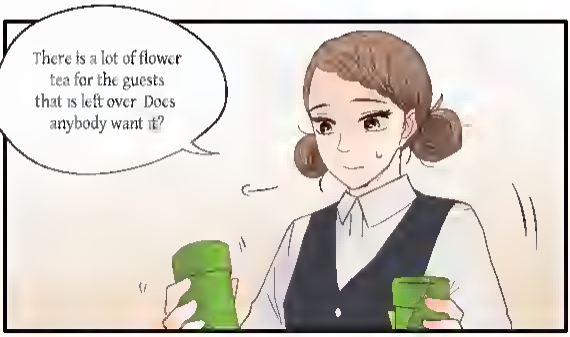




The first festival in high school,
was the worst and it ended like that.



I feel horrible... maybe I should leave it here.
No, Soon Geum will scold you...



There is a lot of flower tea for the guests that is left over. Does anybody want it?

You should leave it in the club room and we can drink it later.
Can we?
Mhm yes that would be good.

But Eun Sol! Why have you been zoning out today?
I haven't been...

Really, are you thinking about the festival?
If I was there, I wouldn't have left them with nothing.
I told you many times, it was really helpful that you were missing.

What do you mean that it was helpful that I wasn't there?
If you were there, you would have fought them.
No, I wouldn't have...
—
—
다다닥!
Sfx. Open
What is everyone doing?

Ah! ...Soon.
Guem? Eun?

?
...Guem.

Soon Geum?!

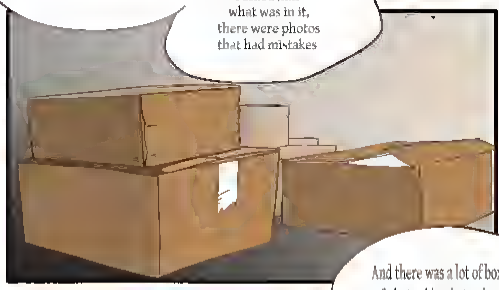
What? Are you studying floral design?
What about the Department of Business Administration?
But why are you dressed like that ..?
Does this mean your parents gave you permission?
No... they are still the same.
Like my parents say, there is no guarantee that things will be good when I choose this path, but I made this decision, so I have to convince them.
I am very busy..
..You have no guarantee that this will succeed What made you decide to do this?
Aren't you scared to fail?

..It is scary ..

It was scary.

So I wanted to go to the Department of Business Administration. But my brother showed me a box after the festival.

I asked him what was in it, there were photos that had mistakes



And there was a lot of boxes of photos like that at home.

When I fail and make a mistake...

It must mean that I still have the next photo to take

Like my parents say, I might fail even if I try.

But failure and mistakes are natural.

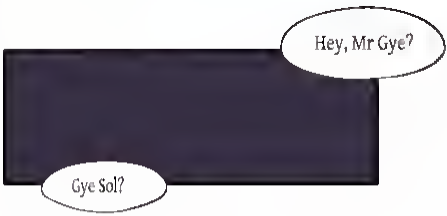
What happens after that is just as important To find the cause for failure, and fix it, then try again to not make the same mistake And to keep developing that way.

.....
What if the failure continues?
Won't you get tired?

It would still be okay
I like this work so I won't get tired.
I know that I like it and that I will continue to like it.

Shall we eat some ramen?
Yes.
.....
What about Eun Sol?

Eun Sol!
.....
Ramen, Ramen!



Hey, Mr Gye?

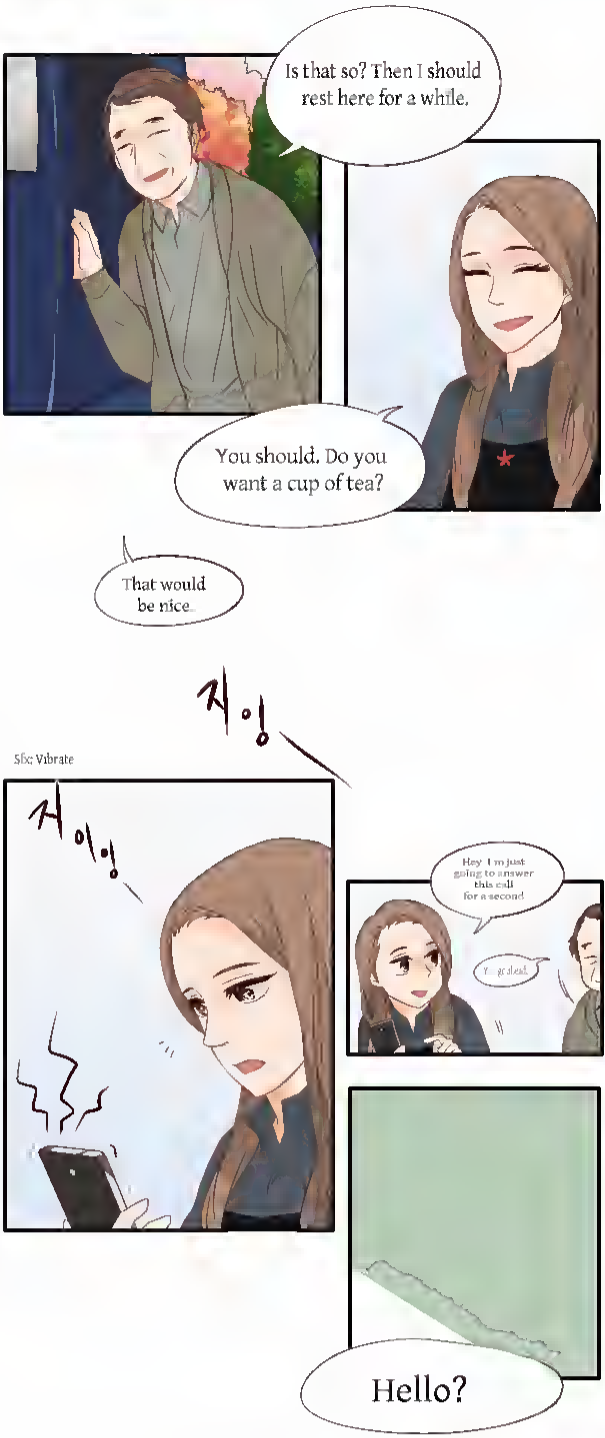
Hey! Are you going for a delivery? Father stepped outside for a minute. He will come back soon.



Is that so? Then I should rest here for a while.
You should. Do you want a cup of tea?
That would be nice.

Development? Would such a thing happen towards my fears? I don't think I will get tired of being afraid. I don't think I can like flowers. I'm still deathly afraid of them.

I will never stop being scared of flowers. I will never get better. I'm really scared, even now.

I am having a hard time ... I am already tired...

.. Let's go to Parang's shop and listen to her. ... and decide later.

I can go near it, right? I go by them everyday on the way to school

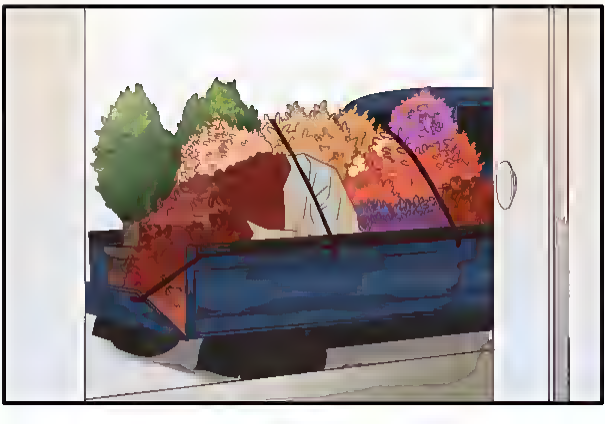
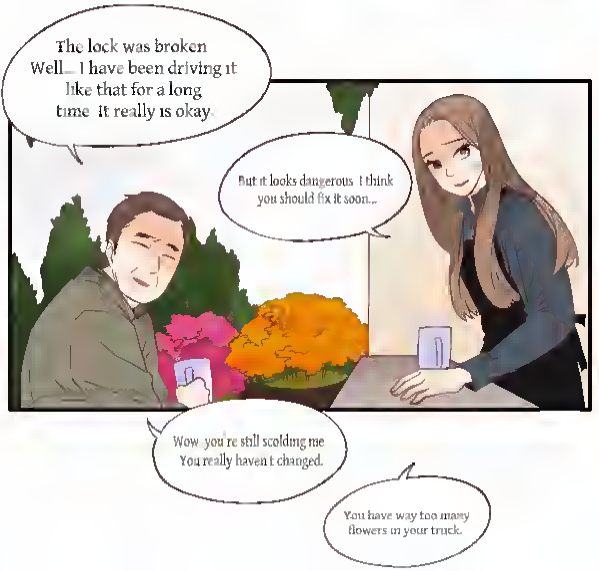
Yes. Thank you. This is very good.
Yes



Hey, what is that tree? I thought that you only handled flowers.
Ah, my customers gave me two trees. I brought it to plant it at home
Wow, that is nice... But did you drive here with the back door of your truck open?



The lock was broken. Well... I have been driving it like that for a long time. It really is okay.
But it looks dangerous. I think you should fix it soon...
Wow, you're still scolding me. You really haven't changed.
You have way too many flowers in your truck.

Yes. It wasn't because you were struck by a tree. They said that it was because of your phobia.

Yes. Kim Myung-yeon's brother.

Was Jin called me on my cellphone.

He said there is Eun Sol's phone number and I'm worried.

I told you there was an accident. I didn't tell you that she got hurt.

Are you here?

Yes.

I can hear your voice from outside.

What about Eun Sol Gyo? Is he okay?

Who said that Eun Sol Gyo is okay?

You know a cure. Is it broken?

It was cracked. Eun Sol tried to protect me from the trees and flowers so the truck fell fell down.

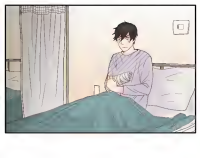
I'm sorry, Eun Sol.

You shouldn't be sorry. I helped you without thinking, then my body moved by itself.

When are you going to be out of the cold? Don't you see my outstretched hand?
I know because it's the same place that I crashed my arm because of the flower clerk

...Is that so?

Yes, it is.



I have been better.

I am getting better.

No, no. I'm not hurt.
Really? You were crying when you were asleep just now...
Ah, I did?
It wasn't because I was hurt, but because of the dream...

I was driven
by fate.

...Didn't that
really happen?

Then could that
have been the
reason you are
afraid of flowers?

Yeah, I think
so too.
When I was looking at
the accident in the streets,
I thought the flowers were
eating my grandmother!

Then your
grandmother is...
Ah, no, she is healthy.
She lives in the

But it's just a horrid fact
that she was in a big
accident like that
a long time ago.

That could be it! You thought

What?

We can

Eun Sol, I'm sorry
I was looking forward to it, so I didn't stop him... We shouldn't have talked about it. Please don't be disappointed.

I can't do anything if I just avoid it.
After I took off my cast, I've been taking lots of photos. Honestly, it takes a lot of practice
It will get better little by little. I can't run, but I am going to walk a lot
Okay! Like marathon!
Yeah!

Ah, I wanted to give you the Gyetunia seeds tomorrow. Just after I give you the flower pots. Is that okay?
Gyetunia seeds?
Then ones that you harvested recently? It's fine.
Really?
Yeah, that's it.
It was really hard to look after the Gyetunia, but now that it's going to die, I feel bad? I miss it
Anyway, I didn't feel good.
But even when the flowers die, it's not the end.
They leave seeds. We plant it again in the spring, and the flowers grow again.
When I look at that, I thought it would be the same thing with the meeting and parting of people.

Even if we part, that's not the end, and I wanted to give it to you with a message like that.
And as it grows, you could think about our relationship again.

Yeah, that would be good.

Right, Woo Jin.
Ah? ...Yeah
Really
When the new term starts, the gardening club is going to feel so empty.

Yeah, I think so, too.
Me, too.

The graduation ceremony has arrived.

Congratulation for graduating!
Is this for me?
Yes it's a gift for your graduation
The thing inside that envelope is the flower seeds I collected this season.
Oh...
Wow...
Oh...
Oh ho...
...He likes it?
What is he saying...?
...I think he does..
This is no good. I was going to get it back from you.

Anna left us a strange gift. He said he was busy and left without taking a photo.

Of course before he left, he didn't forget to pinch Minki's cheeks.

Soon Geum was finally accepted in the design department.
Haha Is it a potted plant?
Does it suit the gardening club?
It does...
Thank you.
After getting accepted, Soon Guem was dressed like Soon Eun often, so we played games to guess who is who.

Soon Eun skipped school too much and couldn't graduate, so his family was frantic.
...This is too cold. Isn't it over yet?
Yes, let's go. Is it that cold?
But he doesn't seem to be too concerned about it.

It is graduation. The first year has gone by already. Why do I feel the time now when I didn't feel it during the holidays?
The time surely goes by fast. Lots of things have happened since then.

The winter came.

And there was a holiday.

Then the seniors graduated.

Time went by fast, and many things have changed.

꺅!!

Tomorrow...

Something unexpected might happen and give me hard times.

Accidents are often like that.

But...

Right, Eun Sol.
You are the next club leader for the gardening club.

Huh?

What...

What?!

My experiences made me take a step forward towards overcoming any fear.
When we meet another fear, it will make us move again.
I know that it's the foundation..
Which will make the flower grow well.

—Let me think about it a little...
Ugh!
Where are you going? This is going to be the last time we're together We should take a photo
.....

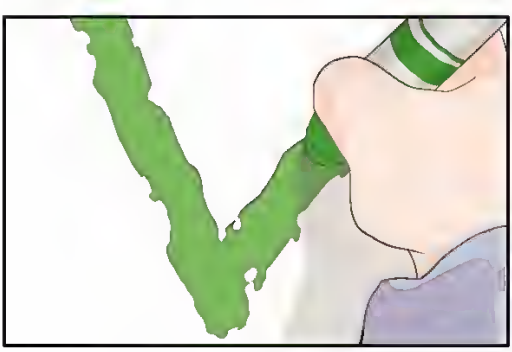
All of us together.

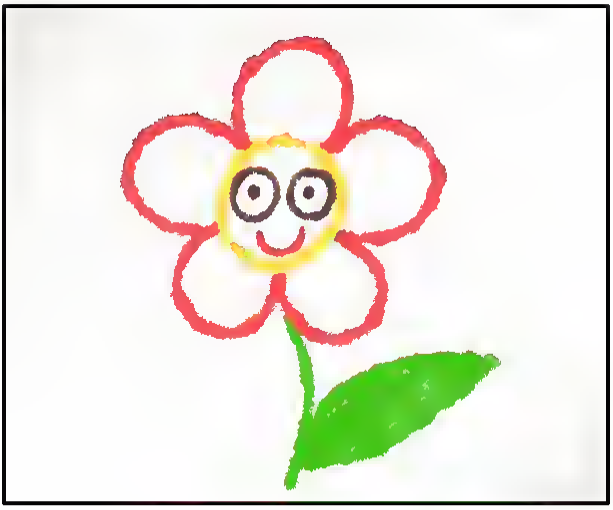
Sfx: One, Two Three

Tomorrow as well,

The courage of taking a step forward.

I am ready to take a step towards
overcoming my fear.





Next week, there is going to be an epilogue, the final chapter!!

Sfx. Ugh
Ah, right. Did you see the photos which Eun Sol sent?
Ah, I got them. But on the photo... Mm... Isn't it Eun Sol majoring in Photography?
Right. He is in the same department as Soon Eun.
He went to Jeju island with his classmates and the photo that he took recently was supposed to be made into a photo postcard as a homework?
But why is the face...
...Right?

I have lots of photos from Eun Sol. Soon Eun oppa sent me some of them and he sent me the photo they took when they went to Jeju Island

Isn't it because of Eun Sol Myuk?

Eun Sol Myuk? What is it?

It was on the school cafe forum

It is a photo with Seaweed Eun Sol. He became popular

EVEN BEFORE I HEAR THE EXPLANATION, I CAN SEE WHICH PHOTO THE NICKNAME WAS CREATED FROM.

Afterword

Sfx Rustle rustle

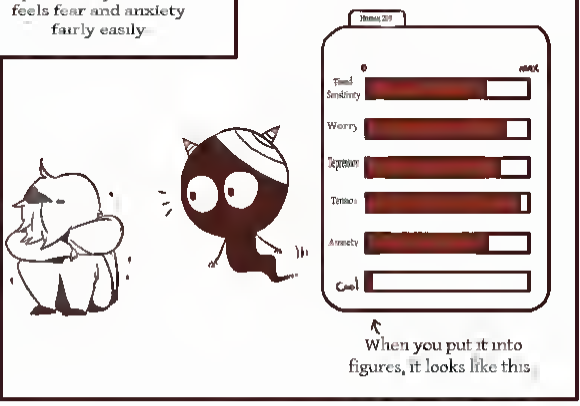
Sfx: Ugh
Sfx: Fall down
Hello.
It's 209.

I wrote that finishing an afterword is hard but I like afterwords.
Did you finish reading it? Is that book good?
No.
Not yet.
She put in the afterword just now♥
Sometimes I read the afterword from a book or manhwa that I didn't finish reading yet.

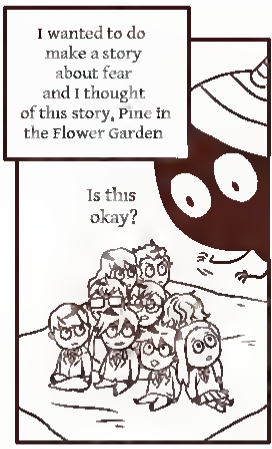
Sfx: Pant pant
So when 'Pine in the Flower Garden" ended...
Afterword! Afterword!
I must write it!
It was like this.
But rather than writing something wouldn't they like it more if I add in some manhwa?
Can I write about myself in the afterword? Will they like that?
Wouldn't my afterword look too depressing?
So what do I have to write in the afterword?
As time passed by, I was stumped with all kinds of anxiety and worries.

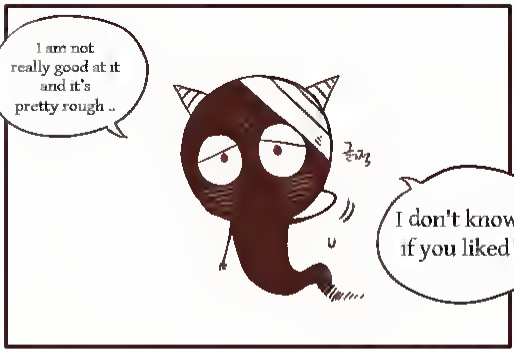
"Pine in the Flower Garden"...

It started from my personality, which feels fear and anxiety fairly easily



When you put it into figures, it looks like this

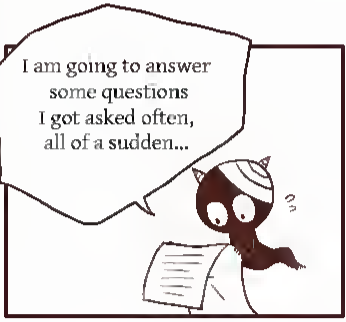




I am not really good at it and it's pretty rough ..
I don't know... if you liked it.

Sfx: Scratch

Hm
Hm
....



I am going to answer some questions I got asked often, all of a sudden...

▶▶▶

About finishing the series at episode 60.

It's going to end at episode 60?!

Did you suddenly decide to end it quickly?!

Are you sick?

When I planned "Fine in the Flower Garden" in the beginning,

When I do this and that

It's going to be about episode 60.

I planned it while I was drawing it

When are you going to finish it?

Ah, about episode 60...

It's not exact though.

The story was expected to be about 60 chapters

It really ends at episode 60?!

?!!

Why?!

Isn't something wrong?!

It can't go according to plan like this

When I really had to end it at episode 60, I was surprised it worked out that way.

▶▶▶

About hints, including future stories...

So what about Anna and the Bamboo Forest?

?

Are you not going to tell that story?

When I was planning the story, Anna was going to be in the story a lot.

Surname: An. First name: Na.

But,

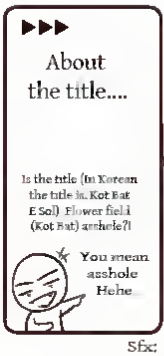
When I was working on the story, I discovered that Anna and the story "The Ghosts of the Bamboo Forest Story" didn't fit in the overall story well and had to give up on it.

I'm sorry...

Ah... This is... It doesn't go well with the ending.

It can only be a side story...

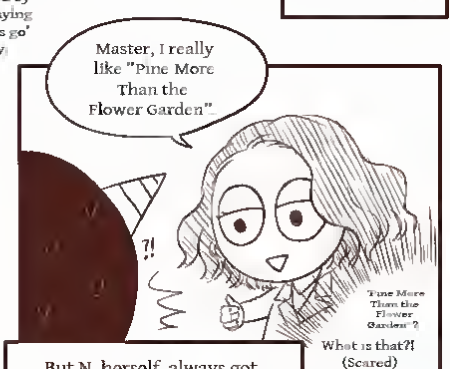
Artist, I made him appear less and put in the story of the "School Legends" and the story a "Mysterious School Seombae" (I am sorry to give you a headache about something like this)



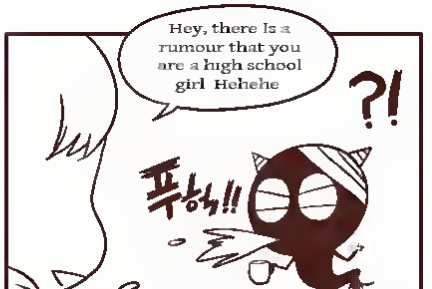
Sfx: Haha

I was worried that the title sounded like a joke when I told a friend.
It's about flowers so what about "In a Flower Garden"?
Ah? Then sauce has name as Kot Sol (which means silver pine) the title is "Pine in the Flower Garden"
That is good. "In the Flower Garden."
"Pine in the Flower Garden"
Good. Call!
It was like a play on words (It is not Kot Bat (Flower garden) asshole. Hehehe)

T/N: Call is usually used by Koreans as a form of saying "sounds good" or "let's go" in an agreeing way.



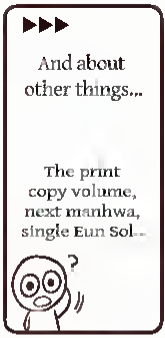
But N, herself, always got confused with the name of the manhwa until the end...

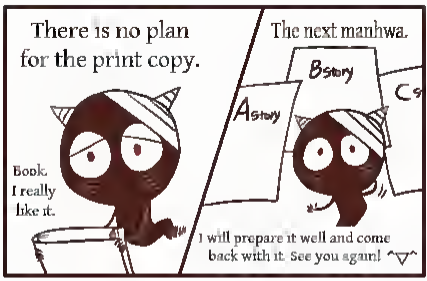


Sfx: Uwa

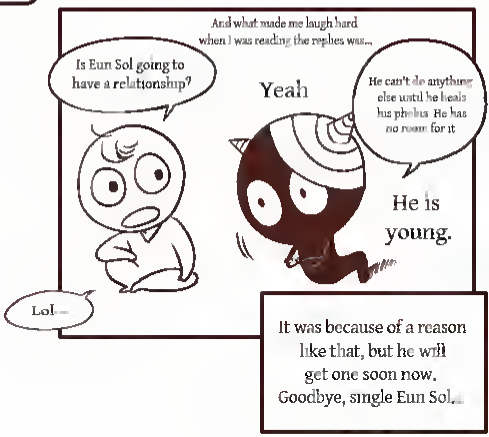
It would be nice if it was true...
Why is there a rumour like that
I am sorry, but I am not a middle school student or high school student or university student.
Ah, I am a woman
But I am a bit old.
You can call me whatever you like with the name 209 (I made it that way so you can do whatever you want with it.)

Sfx: Hahaha



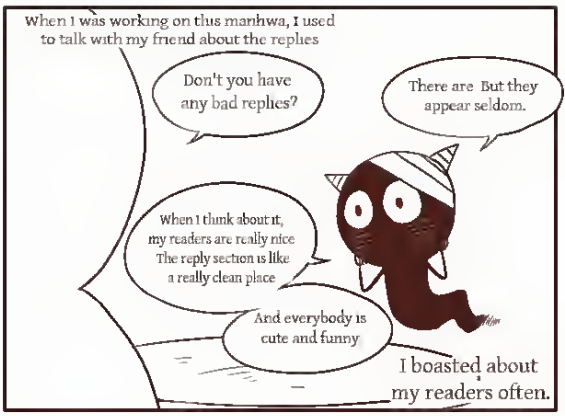


There is no plan for the print copy.
Book. I really like it.
The next manhwa.
B story
A story
I will prepare it well and come back with it. See you again! ^▽^



And what made me laugh hard when I was reading the replies was...
Is Eun Sol going to have a relationship?
Yeah
He can't do anything else until he heals his phobia. He has no room for it
He is young.
Lol...

It was because of a reason like that, but he will get one soon now. Goodbye, single Eun Sol...

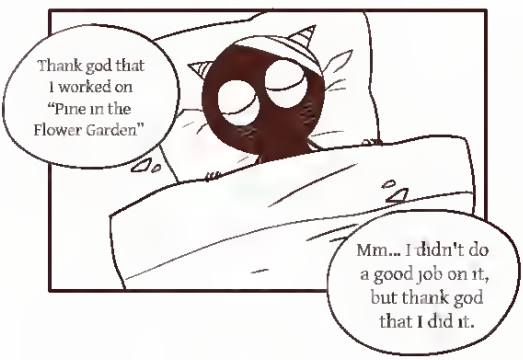


When I was working on this manhwa, I used to talk with my friend about the replies
Don't you have any bad replies?
There are But they appear seldom.
When I think about it, my readers are really nice The reply section is like a really clean place
And everybody is cute and funny
I boasted about my readers often.

Sometimes I got hurt about the replies.
I was really happy and felt a lot better when I read the replies.

Sfx: Roar
I have power!
Let's work!
The messages, replies emails, star points and you asking about how I am and just reading the manhwa
Thank you very much!

I sometimes thought about this while I was working to episode 60
...It's really good that my first manhwa was "Pine in the Flower Garden".
Mhm... Thank god.
I know it was good to work on Pine first. And now that I finished working on it, I am thinking about this more.



Thank god that I worked on "Pine in the Flower Garden"
Mm... I didn't do a good job on it, but thank god that I did it.

When I drew the growth of Eun Sol and his friends I grew a little too as well, together
I think I had a lot of benefits by drawing "Pine in the Flower Garden".

Sfx: Scratch scratch
This afterword has been too random.
So I don't know if it was good for you I am going to finish it now
What I wanted to say was only this,

This was a very rough and
poorly planned manhwa for you.

But I thank you with all my heart!

For people who read and loved
"Pine in the Flower Garden",

thanks to

The readers, the editor at Naver,
